

**Year 9 Science Semester Two
Assessment Outline (subject to change)**

| Term/ Week | Content | Assessment Item | Value (%) | Remarks |
|---------------|---|-----------------|-----------|--|
| <u>Term 3</u> | <u>Biological Science</u> | | | |
| Week 4 | Endocrine System and Disorders | Investigation | 6.5 | Research and In-class validation |
| Week 6 | Nervous System, Endocrine System, Homeostasis, Immune System and Disease | Mid-Term | 7.5 | Multi-choice and written sections |
| Week 10 | Biological Systems Ecological Network: Food Chains and Webs Adaptations, and Factors Affecting Ecosystems | End-Term Test | 7.5 | Multi-choice and written sections |
| Throughout | Homework and Classwork | | 2.5 | Classwork and homework during the term |
| <u>Term 4</u> | <u>Chemical Science</u> | | | |
| Week 3 | Science Inquiry Skills | Investigation | 7.5 | Practical based research task In- class practical investigation |
| Week 5 | Biological Science and Chemical Science | Exam | 8.5 | Multi-choice and written sections |
| Week 7 | Atomic Structure, Chemical Bonding, Equations, Properties of Acids and Bases and Reactions Types | Test | 7.5 | Multi-choice and written sections |
| Throughout | Homework and Classwork | | 2.5 | Classwork and homework during the term |
